## 1. ABOUT THE APPLICATION

This software, "MIDP Software for Nokia 9210 Communicator" is a beta version and early access code and it is usable in the device only, not in the emulator.

Nokia operates a policy of continuous development. Nokia reserves the right to make changes and improvements to the software. The software is provided for testing purposes only and on "as is" basis. Except as required by applicable law, no warranties of any kind, either express or implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose, are made for the software. Nokia reserves the right to withdraw the software from the site at any time without prior notice.

## 2. STEP BY STEP INSTALLATION INSTRUCTIONS

The purpose of this chapter is to give step-by-step instructions; how to install MIDP (Mobile Information Device Profile) Software into the Nokia 9210 Communicator.

### 2.1 MIDP Software Installation for the Nokia 9210 Communicator

STEP 1: Copy the "MIDP test software for the Nokia 9210 Communicator" sis-file into the device.

Copying can be done by using PC Suite for Nokia 9210 Communicator or MMC (MultiMediaCard) reader.

STEP 2: Launch the "Install / Remove software" from the "control Panel"

Activate the "Install / Remove" icon from the "Control Panel" and press the "Select".

STEP 3: Install MIDP test software for 9210

Press "Install new" button and then browse the sis-file from the memory. Then press "OK"

STEP 4: Install the software.

## 3. HOW TO USE THE NOKIA 9210 MIDP SOFTWARE

This chapter describes how to install MIDP-applications in the Nokia 9210 MIDP software.

# NOKIA

The Nokia 9210 Communicator MIDP Software Installation guide

Version 1.0

STEP 1: Copy the jar- and jad-files of the MIDP-application into the device.

Copying can be done by using PC Suite for Nokia 9210 Communicator or MMC (MultiMediaCard) reader.

STEP 2: Launch the MIDP

Select "MIDP" icon from "Extras" and press "Open".

STEP 3: Install application into the MIDP.

Press the "Menu" key and select "Install..." under the "File" drag-down menu. Then press "Select" button. Browse the jad-file from the memory and press "OK"

STEP 4: Keep the MIDP-application in the "MIDP Test Software"

The MIDP-application will be launched automatically after the installation. Press "Menu" key, select "Close" "File" drag-down menu and press "Select" to close the application.

The "MIDP Test Software" asks do you want to keep the MIDP-application (Picture 1.).

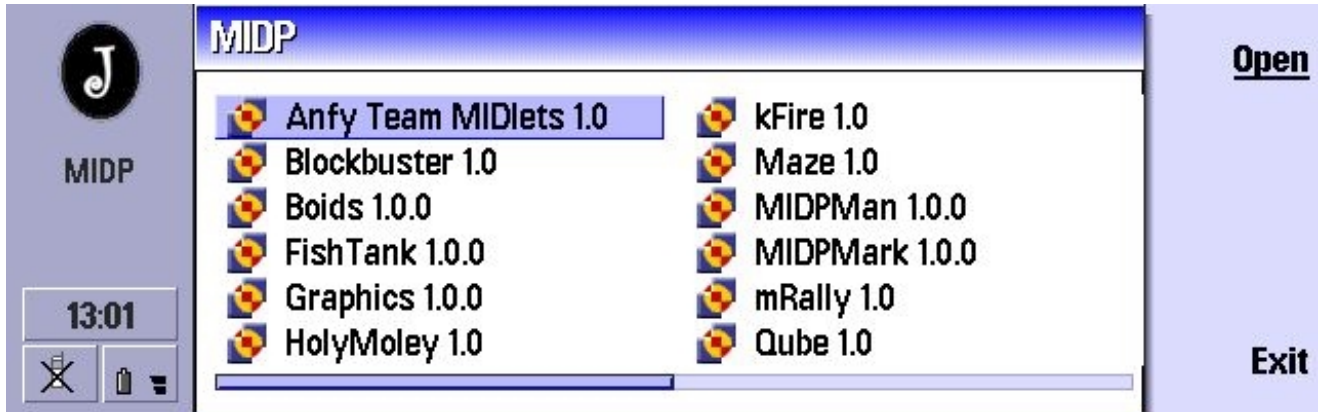

Picture 1. The dialog for keeping installed midlet in the MIDP Test Software Application List

Selecting "Exit" close the MIDP Test Software. After this the installed application will be visible in the application list (as in picture 2.).
